# Solid portable storage

Canvio Alu

Store your essential data securely on the Canvio Alu, and access it quickly and easily through SuperSpeed USB 3.0. With its elegant aluminium casing – available in gold, silver, black, metallic blue or metallic red – you can stay stylish while you're carrying important documents and media files. What's more, the easy to use, inbuilt NTI backup software allows you to make regular automatic backups of up to 2.5 TB of data, for added peace of mind.

Fast transfer speeds
Powered by USB 3.0 technology, these portable hard drives are far faster than—but still compatible with—USB 2.0 technology. That's important for speedy transfer when organising your files.

Transfer with ease
With the Canvio Alu, you can automatically transfer data using the automatic backup function. Alternatively, you can manually select which files to backup by simply dragging-and-dropping files.

Back-up software on-board
Keep all your critical data and digital memories secure with NTI Backup Now EZ software. This intuitive pre-loaded tool automatically backs up and restores your files or folders.

Save your best moments

Top features:

- 2.5" external hard drive
- 500 GB / 1 TB / 2 TB / 2.5 TB capacity
- High speed USB 3.0 port
- Aluminium casing
